ADVANCED CONTROLLER MICROPHONE UIC600

For over 60 years GME has built a reputation for technical innovation within the Australian radio industry. Designed, engineered and manufactured in Australia, the UIC600 controller microphone provides a robust and flexible off-the-shelf solution that fully integrates with all GME Commercial CM series radios and is also available for Original Equipment Manufacturer (OEM). The UIC600 is available in black or green and comes backed with a 12-month warranty.
